

CHETNOLE HOME AND FLOOD WATCH SCHEME

page 1

updated 11.12.2018

Chetnole Home Watch scheme was reorganised in 2008 in line with Dorset Police Authority [DPA] guidelines. It comprises 11 Watch Areas in Chetnole, Stockwood and Hamlet, each supported by a volunteer co-ordinator [see below]. The homes in each Watch Area are listed on pages 2 -12. In 2015 a Parish Flood Warden Scheme was added, with 4 Flood Wardens registered according to Environmental Agency [EA] guidelines . Dorset Alert [DPA] messages and EA flood warnings are emailed to residents by Home Watch Coordinators and Flood Wardens respectively . Whenever floodwater or groundwater causes a hazard, volunteers* endeavour to place temporary warning signs. Village maps available on request. Residents may collect filled sandbags from the Community sandbag store, located at the rear of the cricket pavilion and accessible from Church Path.
